George W. Peyton, Rapidan, Va.

The Most Popular Peonies

1955

American Peony Society

In accordance with the expressed wishes of the membership and the instructions given your Secretary, the following lists of the Most Popular Peonies are presented for your consideration.

They are compiled from about sixty lists sent in by the members from most of the peony growing states, several from Canada and one from New Zealand. About 75 per cent are from those who grow peonies only for pleasure.

The number following each variety indicates the number of lists on which that variety appeared. For instance Mons. Jules Elie has the number 36 after it, which means it appeared on 36 lists and incidentally appeared on more lists than any other variety and so was the most popular of all.

The total number of varieties listed was 740 of which 397 were on only one or two lists.

We invite comments on the faults and what improvements can be made in the one for next year.

Additional copies of this list may be obtained from the Secretary of the American Peony Society, Box No. 1, Rapidan, Virginia for: One to ten, 10c each; ten, 75c; twenty-five, \$1.50; fifty, \$2.50; one hundred or more, \$3.75 a hundred plus transportation.

THE MOST POPULAR HERBACEOUS PEONIES

Doubles, Semi-Doubles, Japanese, Singles and Hybrids included.

- | | |
|------------------------------------|----------------------------------|
| 1. Mons. Jules Elie, 36. | 12. Kansas, 24. |
